## PARDO G2

2,200 mAh UL CERTIFIED POWER BANK (MH60484)

Count on the T1034 Pardo G2 for power. This trusty UL Certified power bank with matte metallic aluminum exterior houses a UL Certified 2,200 mAh Lithium Ion rechargeable battery that will give a charge to your device through its single USB 1A output port. The LED is red when you re-charge the power bank, and turns green when it is full re-charged and ready to go. It couldn't be simpler. Plug a charging cable into your device and watch Pardo's LED turn blue to let you know it's giving them life. Give your logo that extra boost by laser engraving where it can be seen, front and center.

## OPHELIA

POWER BANK UL2056 (MH60484)

The Ophelia 4400mAh power bank makes charging a simple task; blinking when charging a device and then when done, it automatically turns itself off. The rubberized plastic provides an ideal background for a great light-up branding option to suit every logo. For a dramatic effect, laser engraving will be illuminated by an inner clear white light to proudly show off your brand.

## TITAN

WIRELESS POWER BANK UL2738 (MH60484)

The Titan 4000mAh power bank's sleek matte metallic finish delivers a punch of power when you need it most. You don't even have to fumble around for cables: it's so clever it can wirelessly charge your smartphone, if your device is equipped with wireless charging technology. Simply rest your phone on the suction cup charging pad and let Titan do its magic. Titan can also charge your device using a charging cable if your smartphone does not have wireless charging sensors
